第四届 国际设计百人论坛

WDCC Design 100 Forum 2025

Sept.25, WDCC Venue A, Shanghai

主题 / Theme 生生不息 / Cycles & Circles

第四届国际设计百人论坛作为 2025 世界设计之都大会(WDCC 2025)的核心论坛,将邀请来自美国、意大利、法国、比利时等多个国家的重量级嘉宾,与中国顶尖设计师共同围绕"生生不息"这一主题展开深度对话,为在生命网络中实现人与自然协同设计贡献智慧和方案。

论坛设置三场主旨演讲,分别从城市基础设施、宜居邻近系统以及传统工艺创新三大维

度,深入探讨设计如何成为生态、生产、生活的创新引擎;同时,三场尖峰对话将聚焦城乡交互与生态文明的融合路径,挖掘循环经济与产业创新的巨大潜力,并传递基于中国思考的生活方式新理念。届时,18位设计大师、设计组织领导人和设计教育家将共聚一堂,畅谈设计如何通过推动科技、产业和生活方式革命,成为修复地球和赋能生命网络的关键力量。

作为首届世界设计之都大会的重要成果之一,上海市经济和信息化委员会委托同济大学牵头组建"上海国际设计百人智库"。这一新型智库不仅是本次论坛的承办单位,也是一个世界级的创意社群,汇聚全球设计产业领袖、组织领袖和学术领袖,本次论坛还将为第四批上海国际设计百人智库专家颁发聘书。

WDCC Design 100 Forum 2025 will gather distinguished guests from countries including the United States, Italy, France, and Belgium, alongside leading Chinese designers, engaging in an in-depth dialogue under the theme "Cycles & Circles." The forum aims to contribute insights and solutions for realizing human—nature engagement design within the web of life.

The program features three keynote speeches, addressing urban infrastructure, livable proximity systems, and the innovation of traditional craftsmanship. These discussions will explore in depth how design can serve as an innovative engine for ecology, production, and living. In addition, three high–level dialogues will focus on pathways for integrating urban—rural interaction with ecological civilization, excavate the great potential of the circular economy and industrial innovation, and present new lifestyle concepts inspired by Chinese reflections. A total of 18 design masters, leaders of design organizations, and design educators will gather to share their visions on how design, by driving revolutions in technology, industry, and lifestyle, can become a key force in repairing the planet and empowering the web of life.

As one of the landmark outcomes of the 1st World Design Cities Conference, the Shanghai International Design 100 Experts was established under the leadership of Tongji University, commissioned by the Shanghai Municipal Commission of Economy and Informatization. This new type of expert panel serves not only as the organizer of the forum, but also as an international creative community that brings together global leaders in design industry, organizations, and academia. At this forum, the organizer will announce the fourth group of shanghai international design 100 experts and present them with appointment letter.
